Our specialized practice provides comprehensive psychological services to Children & Adolescents with Learning Disabilities, Developmental Delays, and Emotional & Behavioral problems.

Developmental Evaluations

Developmental delays may affect your child's speech and language, fine and gross motor skills, and/or personal and social skills.

- Red Flags:**
- Communication problems
 - Difficulty relating to people
 - Unusual play with toys
 - Repetitive behavior patterns
 - Delays in social interaction
 - Delayed imaginative play.

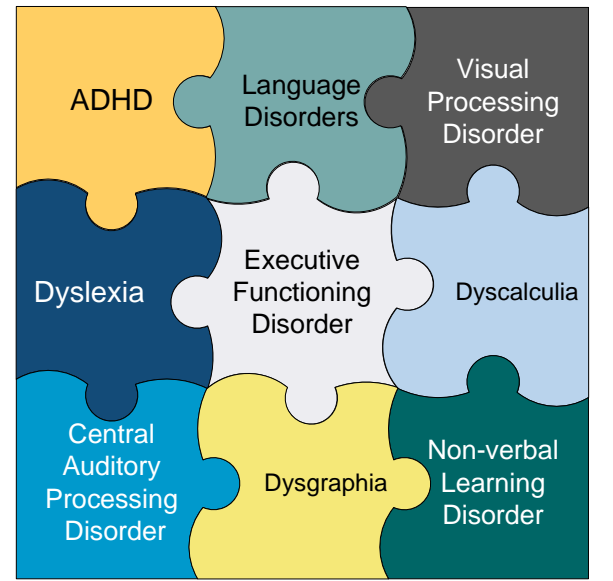

Early Intervention leads to better progress.

Psycho-Educational Testing

- Signs for Concern:**
- ✓ Difficulty Following Directions
 - ✓ Impulsive Behavior
 - ✓ Poor Organization Skills
 - ✓ Lack of Attention
 - ✓ Inconsistent Performance
 - ✓ Difficulty in Reading & Math
 - ✓ Limited Vocabulary & Poor Spellings
 - ✓ Overactive

A psycho-educational evaluation is necessary to diagnose Learning Disabilities or an Attention Disorder.

We also provide recommendations and consultation to develop IEP (Individualized Education Program).

Psychotherapy

Children, adolescents and adults with emotional and behavioral disorders can benefit from a variety of treatments and services.

At Behavioral Care Services, we provide a supportive environment to help communicate openly and confidentially about concerns and feelings. We use effective therapeutic techniques on the basis of severity of symptoms and needs & personality of the individual.
